

## Permission for Short Excursions

From time to time, as part of the educational learning experiences, the children will be visiting some of the local places in the township of Penola. To assist in the planning, and to lessen some of the paper work burden, we would like to obtain a General Permission for local excursions. **Local Excursion means within walking distance of the school where the children will walk rather than use any other form of transport.** Parents will be informed of the activity prior to the excursion.
